Improvements that have been completed:

Meeting room

Installed steel framing studs on the concrete block walls and sheetrock.
Framed meeting room doors to trim around sheetrock and painted them white.
Framed meeting room windows, installed window trim and painted them white.
Meeting room walls and stage walls were painted tan.
The old add-on air ducts were enclosed with steel framing and sheetrock then painted white.
A drop ceiling was installed with 2' x 2' tegular ceiling tiles.
Recessed LED lights were installed throughout the meeting room with dimmer switches.
Eight ceiling speakers installed throughout the meeting room replacing two speakers on the stage wall.
Replaced carpet with luxury vinyl floor covering in the meeting room and hallway.
Installed new baseboard and shoe molding.
Refinished and painted lower front of the stage wall.
Refinished and stained the stage steps and stage floor oak border.
Installed a three-way switch at the side entrance door for the meeting room lights.
Installed a three-way switch in the meeting room for the hallway lights.
Added a ceiling outlet for the projector.
Installed projector ceiling mount and wall panel wiring to connect to the ceiling projector.
Replaced the old oak chairs with new cushioned metal chairs.
Replaced the blue plastic tablecloths with new beige tablecloths.
Installed casters on the 4' drink counter.
Handrails installed at stage steps (not stained).
Chandelier installed in center of meeting room.
Repainted counter unit cabinet and movable 4' drink counter cabinet white to match each other. Replaced handles.

Install insulated glass in window above side exit door replacing the Plexiglas window.

Total Cost \$48,595.71

We are so grateful for all those who made this dream of a Fellowship Hall renovation a reality. For all the team members who put in countless hours planning, researching, and organizing the work – thank you. For all the contractors involved using their God-given abilities to beautify our gathering space – thank you. For all the members of the congregation who generously gave of their financial resources – thank you. Because of your loving dedication, the entire renovation process has been fully funded, without having to borrow even one penny! But most of all, we give God the glory for His never failing love and devotion. May this Fellowship Hall serve the congregation of Holy Trinity Lutheran Church and the community of Anderson for many years to come.
