

A TRIBUTE TO FATHERS

A wonderful thing has come to pass,
In your life and in mine.
It does not matter whether first or last,
It's so wonderful, so Divine.

God's wonderful gift, just for us,
A child that's ours alone.
It's a miracle, we do trust,
That God has deeply shown.

A product of trust, faith and love,
That no one can deny.
So wide, so deep and far above,
That none shall defy.

A child is such a blessing
That God has given us.
Let us give rejoicing,
By showing love and trust.

It is no easy task,
We are undertaking here.
It is a job that always lasts,
Forever and a year.

Heartaches our children will cause us,
Sadness they will bring.
But the seeds, that we sow in them,
Will blossom in the spring.

And fill our hearts with happiness,
And fill our lives with love.
But let us always remember,
It's a blessing from above.

So very careful let us be,
So very short is time.
Let us rejoice together,
For this child of yours and mine.
